2004 Projects

For the complete listing of projects in one document, click here. (901 KB)

- **Advanced Technology for infill & Recompletion Candidate Well Selection**
  Texas A&M University
  Download Texas A&M University Executive Summary as pdf
  Download Texas A&M University Final Report as pdf
- **Building and Testing a New Type of Compressor for Stripper Well Production Application**
  W&W Vacuum & Compressors, Inc.
  Download W&W Vacuum & Compressors, Inc. Executive Summary as pdf
  Download W&W Vacuum & Compressors, Inc. Final Report as pdf
- **Design, Construction and Evaluation of an Accurate, Low-Cost Portable Production Well Tester**
  Oak Resources
  Download Oak Resources Executive Summaryas pdf
  Download Oak Resources Final Report as pdf
- **Field Testing of the Vortex DXR Retrievable Insert Tool in Conjunction with Other Lifting Methods**
  Vortex Flow
  Download Vortex Flow Executive Summary as pdf
  Download Vortex Flow Final Report as pdf
- **Hydraulic Fracture Imaging**
  Universal Well Services
  Download Universal Well Services Executive Summary as pdf
  Download Universal Well Services Final Report as pdf
- **Low Friction Tubing for Gas Well De-Liquification**
  Dyna Coil
  Download Dyna Coil Executive Summary as pdf
  Download Dyna Coil Final Report as pdf
- **A New Look at Foam for Unloading Gas Wells**
  Colorado School of Mines
  Download Colorado School of Mines Executive Summary as pdf
  Download Colorado School of Mines Final Report as pdf
- **Plunger Lift Process Optimization using a Surface System for Plunger Generated Acoustic Noise Detection and Digital Signal Processing for Wellore Plunger Location Monitoring**

Tubel Technologies
Download Tubel Technologies Executive Summary as pdf
Download Tubel Technologies Final Report as pdf

- **PVT Study of the Interaction of Nitrogen and Crude Oil**
  The Pennsylvania State University
  Download The Pennsylvania State University Executive Summary as pdf
  Download The Pennsylvania State University Final Report as pdf
- **Resolving Discrepancies in Predicting Critical Rate in Low-Pressure Gas Stripper Wells**
  Texas Tech University
  Download Texas Tech University Executive Summary as pdf
  Download Texas Tech University Final Report as pdf
