Elsevier recognizes Song as a Top Cited Author

At the recent 14th International Congress on Catalysis held in Seoul, Korea (July 12-17, 2008), Dr. Chunshan Song was again recognized as one of the top most cited authors in catalysis (among all the papers published during 2003-2007) in a special reception hosted by Elsevier. This is the third time Song was recognized as Top Cited Authors in catalysis. The two previous five-years were 2001-2005, and 2002-2006.
